The Province of Ontario requires plumbing be done by a plumber, who holds a province of Ontario Certificate of Qualification, except plumbing may be done by the owner of a house in which the owner resides at present.

Please contact the Municipal Public Works Department (222-3624) for water and sewer connection related inquiries within services areas.

Please attach two sets of **plumbing drawings** with this application. One set of drawings will be returned with the Building Permit and should be displayed at the work area.

Note: Plumbing drawings not required for structures identified by the Ontario Building Code as "House".
